Professional Summary

Enthusiastic and dedicated Full Stack Developer with a strong foundation in computer science. Proficient in front-end and back-end technologies, with a keen interest in creating user-centric solutions. Quick learner with excellent problem-solving skills, ready to contribute effectively in a dynamic and collaborative environment.

Education

Kalinga Institute Of Industrial Technology — Bhubaneswar, India
Bachelor of Technology in Computer Science and Engineering — *Sept 2021 - May 2025*
- CGPA: 8.92

Dayawati Modi Academy
Higher Secondary Education (10+2) — *Aug 2018 – June 2020*
- Percentage: 86%

P.M.S. Public School
Matriculation (10th) — *Apr 2016 – May 2018*
- Percentage: 81%

Experience

Full Stack Developer Intern — May 2024 – June 2024
A.V. Techno Soft India (P) Ltd.
- Engineered a comprehensive Visitor Management System with visitor registration and review processes
- Implemented employee functionality to accept/reject visitors and automated gate pass generation
- Deployed full-stack solution using HTML, CSS (Tailwind), JavaScript, MongoDB, and Next.js v.14

Projects

Bollywood Movie Database System
- Engineered comprehensive movie management system with user authentication and recommendation engine
- Deployed responsive full-stack application using HTML, CSS (Tailwind), JavaScript, MongoDB, Next.js v.14
- Implemented advanced search and filtering capabilities for enhanced user experience

E-Mail Spam Detection System
- Developed ML-powered spam detection system achieving 91% accuracy using Decision Tree and Random Forest
- Deployed user-friendly web interface with real-time classification capabilities
- Processed and analyzed large email datasets with feature extraction and text preprocessing

Water Potability Prediction Model
- Built predictive model using Random Forest algorithm achieving 86% accuracy for water quality assessment
- Analyzed 9 critical water quality parameters with data visualization dashboard
- Implemented comprehensive data preprocessing and feature engineering techniques

Technical Skills

Programming Languages: C, Python, C++, Java, HTML, CSS, JavaScript
Frameworks & Tools: Next.js v.14, Tailwind CSS, Git, REST APIs
Databases: MySQL, MongoDB, NoSQL
Operating Systems: Windows 10/11, Ubuntu Linux

Certifications

Data Science Certification — Internshala - 2024
Machine Learning Specialization — Coursera - 2024
Data Structures & Algorithms in C/C++ — Udemy - 2023

Soft Skills

Time Management, Critical Thinking, Problem Solving, Teamwork, Strategic Communication

Interests

Full Stack Development, Web Technologies, Cloud Computing, Open Source Contribution, Machine Learning, API Development
